Product description

Carb Connect Ultra is the successor to our legendary Carb Connect MKII. The Ultra High-Speed HDMI® cable offers breathtaking quality in 8K at 50/60 Hz or 4K up to 120 Hz. The innovative inner conductor with hypercrystalline copper (HPOCC) ensures an unprecedented transmission quality due to its extremely high degree of purity. Quad-shielded and separated inner conductors ensure optimal signal transfer even at resolutions up to 8K at 60 Hz, 4K up to 120 Hz and downward compatible to Full HD. The 24 carat gold-plated plug contacts connect this high-end conductor almost loss-free with your home entertainment devices such as smart TVs, high-end projectors, latest generation game consoles and much more. The durable, noble fabric jacket and the solid full metal plugs with carbon inlays underline the exceptional quality of this state of the art product.
