## Product description

First-class 6/6-pin FireWire cable for connecting PCs, video recorders, camcorders and other devices to FireWire interfaces in compliance with IEEE 1394. The high-quality inner conductors are made from silver-plated oxygen-free copper and therefore possess extremely good conducting properties where digital signals are concerned. Signal transmissions are stabilized by the effective shielding and the plug contacts plated with 24-carat gold. These Oehlbach FireWire connections guarantee the loss-free and secure transmission of data.
