

Antenna S SL | 3 m

| | |
|-----------------------|----------|
| Product number | D1C33028 |
| Weight | 0.29kg |
| Length | 55mm |
| Width | 145mm |
| Height | 250mm |

Product description

The 3-star cable "Antenna S SL" from Oehlbach ensures interference-free signal transmission of TV signals thanks to its tremendously high shielding rating of 120 dB. An inner conductor made from OFC oxygen-free copper, triple shielding in the PVC protective sheathing and 24-carat gold-plated contacts maximize the signal stability while ensuring perfect contact reliability. A characteristic wave impedance of 75 ohm is attained by using high-quality materials and a sophisticated design. The Antenna S SL is available as 1.5 m, or as 3.0 m for those who wish to be a little more flexible.

Product properties

| | |
|---------------------------------|---|
| Product Category | antenna cable |
| Inner conductor material | OFC - oxygen-free copper |
| Features | 24kt gold plated contacts, >120dB Shielding rate, Reliable contact, 30 years warranty** |
| Characteristic impedance | Eliminates high-frequency irradiation |
| Shielding | triple shielding |
| Plug type 2 | Antenna F |
| Quality level | Performance |
| Shielding construction | 1 x copper braid |
| Surface condition | 24 carat gold-plated contacts |
| Plug type 1 | Antennas F-connector |
| Connection type | Audio, Video |
| cable length | 3 m |
| Signal direction | IN/OUT |
| cable geometry | Round |
| Shielding effectiveness | 120 dB |
| Colour | White |
