

DAC Ultra | black

Product number	D1C13900
Weight	1.07kg
Length	230mm
Width	60mm
Height	300mm

Product description

The XXL DAC Ultra headphone amplifier from Oehlbach offers up to 384 kHz sampling rate and 32-bit sampling depth via USB. High-quality Burr Brown digital/analogue converters work inside the housing for absolute signal purity and maximum acoustic performance. Whether sophisticated high-end bracket headphones or compact InEars, the XXL DAC Ultra is the perfect partner for connected headphones. In addition to USB, an optical and coaxial digital input as well as analogue RCA inputs are available. Playback is via two 6.3 mm jack outputs and stereo RCA. Compatible to Apple OSX, MacOS is not supported.

Product properties

Features	24kt gold plated contacts, USB Audio Class2 high-speed connection for PC and Mac (VIA), High-end 32Bit/384kHz D/A converter (Burr Brown), Low-noise high-performance audio amplifier, Asynchronous transfer mode supported, Up-conversion to 32Bit/384kHz, Digital/analogue converter with USB audio interface, Two headphone jacks (6.3 mm), Aluminium front panel
Bit depth	32 bits
Sampling rate	>96 kHz, 48 kHz, 192 KHz, 384 kHz, Up to 44.1 kHz
Quality level	State of the Art
Product Category	Electronics
Amperage	12V/1A
