

Balance Checker

Product number	D1C2613
Weight	0.42kg
Length	80mm
Width	80mm
Height	35mm

Product description

The Oehlbach Balance Checker ensures less oscillation or vibration for every record size and thus improves the sound and tone of your vinyl in the long term. Especially the bass reproduction benefits with much more precision. Made of lightweight solid aluminium, this record weight weighs just enough for a vibration damping effect, but not too much so that the motor and bearings of your turntable are not damaged. With the integrated level indicator you can check if the turntable is adjusted correctly and correct it easily if necessary. A massive Oehlbach phono accessory for massive good sound.
