Product number	D1C1071
Weight	0.14kg
Length	215mm
Width	375mm
Height	375mm

Product description

High-quality and particularly flexible stereo speaker cable for connecting amplifiers or power amplifiers with speaker boxes. The speaker cable is suitable for amplifier power up to approx. 250 watts per amplifier channel. The cable consists of three stranded strands of OFC copper (oxygen-free copper) and three stranded strands of SPC copper (silver-plated oxygen-free copper). This special construction brings - due to the proportion of silver-plated conductors - a significantly improved transmission especially in the high / mid-range! The outer jacket of this Oehlbach cable consists of a durable, crystal-clear and highly flexible plastic mixture, so that it can be laid very smoothly and flexibly.

Product properties

Inner conductor material	OFC - oxygen-free copper, SPC/OFC - silver-plated oxygen-free copper
power max.	For amplifier performances of up to 250 watts
cable cross section	2 x 3.0 mm ²
Connection type	Audio
Quality level	Excellence
Artikel FH Exklusiv	Ja
Colour	Transparent copper silver
Product Category	Loudspeaker cable
Signal direction	IN/OUT
Features	30 years warranty**, German Technology, Certified production in Europe
cable geometry	Round
