| <b>Product number</b> | D1C35018 |
| <b>Weight</b>         | 0.05kg   |
| <b>Length</b>         | 35mm     |
| <b>Width</b>          | 105mm    |
| <b>Height</b>         | 190mm    |

## Product description

The 3-star adapter expands any device with a 3.5mm jack socket by one additional connection. The adapter is very well shielded against external interference by solid materials. OFC copper and solid metal connectors guarantee a stable and clean transmission of the audio signal. 24 carat gold-plated contacts offer good transmission reliability and effective corrosion protection.

## Product properties

|                         |                       |
|-------------------------|-----------------------|
| <b>cable material</b>   | plastic               |
| <b>Colour</b>           | Black                 |
