## Product description

First-class banana connectors for assembling loudspeaker cables. The plugs enable optimum and convenient connection of speaker cables to speakers and electronic components, such as AV receivers and amplifiers. A secure contact and excellent transmission quality are ensured here. The plug contacts are plated with 24-carat gold and the cable feed may be executed at the plug up to cable cross-sections of 6 mm<sup>2</sup>. We suggest that high-quality end sleeves be used on the leads for best assembly results.
