

XXL MasterClock

Product number	D1C13904
Weight	0.52kg
Length	55mm
Width	235mm
Height	160mm

Product description

A precise and stable clock as well as an interference-free power supply are the be-all and end-all of a high-quality USB connection. The XXL MasterClock completely regenerates the USB data signal and provides connected devices with a pure and jitter-free data stream with ultra-precise clock. Thanks to an absolutely clean power supply by a high-quality and clocked class 1 power supply unit, the performance of connected devices is optimized to a maximum. The device is perfectly suited for amplifiers and digital/analog and analog/digital converters and is very flexible in installation thanks to its compact dimensions and low weight.

Product properties

Temperature range:	5-50°C
Housing material	Ultra thin single conductors
Quality level	State of the Art
Mains voltage	6-8V/DC
Connection type	Audio
Product Category	Electronics
Colour	Metallic Brown
