

Digicon O/C

Product number	D1C6037
Weight	0.254kg
Length	55mm
Width	230mm
Height	165mm

Product description

Converting digital optical signals into digital electrical signals without loss of quality is the specialty of the Oehlbach Digicon O/C audio converter. The compact device, which weighs only 62g despite its solid metal housing, converts compressed and uncompressed audio signals and supports a sampling depth of up to 24Bit. Strictly selected electronic components guarantee loss-free signal transmission. The 24 carat gold-plated contacts ensure perfect contact reliability.

Product properties

Features	24kt gold plated contacts, 100% contact reliability
Housing material	Ultra thin single conductors
Bit depth	24Bit
Sampling rate	48 kHz
Quality level	Performance
Connection type	Audio
Product Category	Electronics
Signal direction	OUT
Colour	Metallic Brown
