HIGH-SPEED-HDMI BRIDGE WITH ETHERNET

FLAT BRIDGE

MSRP (19%): 29.99

Cable bridge with a HDMI® socket and a HDMI® plug. The high-speed HDMI® bridge's additional data channel (Ethernet channel) allows Internet-enabled AV components, e.g. Blu-ray players, to be used without the need for additional network cables. The high-quality inner conductor, which is manufactured from OFC copper and features triple shielding as well as 24-carat gold-plated plug contacts, guarantees the transmission of completely stable and interference-free signals – particularly where critical digital signals are concerned.
