## HIGH-SPEED HDMI® CABLE WITH ETHERNET SCREEN MAGIC PLUS

This high-speed HDMI® cable provides unlimited home cinema fun. The additional data channel (Ethernet channel) enables the connection of Internet-compatible AV components, such as Blu-ray players or AV receivers, without the use of an additional network cable. The high-quality inner conductor made of OFC copper with triple shielding and the 24 carat gold-plated plug contacts guarantee absolutely stable and interference-free signal transmission - especially with critical digital signals.

### x.v.Color
