SPEAKER FLAT CABLE 2 X 4.0 MM², SILVER-PLATED SILVER STREAM 40

MSRP (19%): 10.99

High-quality silver-plated flexible stereo loudspeaker cable for connecting amplifiers and power amplifiers to loudspeaker boxes – for amplifiers with an output of up to around 250 watts per amplifier channel. The silver plating on the oxygen-free copper means that this loudspeaker cable produces an extremely clear and true-to-nature sound – particularly in the treble range. This Ohlbach cable also possesses better conducting properties than conventional loudspeaker cables as a result of the wire it uses – which almost double the electrically conducting surface.

» 250 W

SPOFC
SILVER-PLATED
COPPER

Packaging size	200mm / 220mm / 220mm
Colour	Crystal clear
Weight (net)	110 g
Inner conductor material	SPC/OFC - silver-plated oxygen-free copper
cable geometry	Extremely flat
cable cross section	2 x 4.0 mm ²
power max.	For amplifier performances of up to 250 watts
inner construction	ultrafl., ultraflach
Features	Stereo speaker cable , Made in Switzerland
Outer sheath material	plastic, Robust plastic sheathing
